

KUK SOL

The flexible construction profile

KASTENS & KNAUER
GmbH & Co. International KG

Our Service

With the new construction system for solar panels from **KASTENS & KNAUER** you can assemble easy and flexible.

KUK SOL is suitable for flat roofs and outdoor installation and can be adjusted perfectly to your needs.

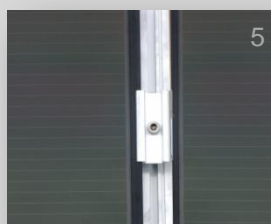

You simply send us your desired dimensions and we will provide you with the pre-assembled object carrier (Example: picture 1 und picture 2). Alternatively we can supply you with our construction profile (see page 2). With our end- and middle-clamp you can construct the solar panel yourself (Example: picture 3 und picture 4, detail picture 5 with middle clamp).
